News

Learn to brew day at Wren House was a great time, we had 3 all-grain batches brewed on-site without incident. We got the green light to have more of these events in the future, so watch for another in the Spring!

The next general meeting will have board elections, you must be present to vote. All positions are up for challengers, if you are considering taking a position, please take some time to review the responsibilities listed in the [bylaws](#), good to know for voting too! Also, we're expecting a good showing for this month's coffee beer gauntlet with yeast sponsored by Imperial Yeast. You don't want to miss this.

We're having a women's brew day 11/19! Some of the women in the club are getting together to brew a collaborative gauntlet entry for the holiday party. Should be a good time, let us know if you want to join and we'll get you the details.

Our famous holiday party is coming fast, we'll have a white elephant gift exchange, ugly sweater contest, pot-luck, homebrew on tap, and more! Of course, we'll have our amazing raffle with the usual smorgasbord of gift cards and beer themed whatzits, along with some potential surprises. For those who haven't attended, this might be the best bang for your buck raffle on the planet! Details will be emailed to current members.

We're excited to try a new general meeting location in January, Cocky's Chicken & Brew! They really know their way around the fryer and have a small but good tap selection, and unbelievable prices. Hush puppies, okra and black lager, oh my! More details to come as it approaches.
